BEST INDIAN NATURAL STONE

Volmin Industries mission goes beyond
than the production and sale of the *Natural Stone*.

Volmin Industries Pvt. Ltd.

Volmin Industries Pvt. Ltd. are manufacturer and supplier of Indian natural stones such as Sandstone, Granite, Slate stone, marble blocks and slabs based in Rajasthan – INDIA.

Also we have experience of more than 3 decades in quarrying of Ceramic raw material such as Potash Feldspar, Sodium Feldspar, Quartz, Soapstone, China clay.

We have our own 28 quarrying sites of ceramic raw material that are currently operational. To improve our quality and supply chain logistics we have latest and most required machinery and a team of more than 250 highly skilled and qualified employees for quarrying, raw stone selection, quality control, foreign trading and logistic, and this guarantees our product will be delivered in stipulated time at a very competitive price.

**WE ARE NOW PROUD TO SAY
THAT OUR 3 DECADE EXPERIENCE
WILL MAKE A DIFFERENCE.**

Volmin Industries mission goes beyond
than the production and sale of the *Natural Stone*.

OUR VISION & MISSION

Volmin is one of the fastest growing organizations in the Mining Industry. We have built on the trust of our clients by providing them with the finest quality of natural stones and minerals. Be it office, residence, commercial complex or any other architectural project, our product line of glaze and building stones defines beauty of each.

Volmin is working with a motto of "Providing world class Indian natural stones at a competitive price" across India and overseas. We are proud to say that we are successful in achieving our motto and have been Supplying the best quality of Indian natural stones and minerals.

All of the Mines with **Volmin Industries Pvt. Ltd.** are very well equipped with the latest and most required techniques of Mining and operation. **Volmin** can deliver demands of any quantity without any problem. We have enough resources and facilities for large scale quarrying for instant and wholesale delivery.

The machinery, logistics and employees are inbound to align with our motto of *"Providing world class Indian natural stones at a competitive price"*

SOME OF THE FACTORS IN OUR FIRM ARE...

Best Quality at Best Price

We have the best prices from India because we are in the industry more than 30 years.

Secured Payment

All the advance payments are secure and regular updates are given to our clients.

Experienced Professionals

We are an ISO 9001:2015 certified company.

Total Quality Management

It's never about prices alone. It's always about what quality you are getting at what price.

Timely Delivery

We promise delivery timelines which are practical.

Limestone is a sedimentary rock composed largely of the mineral calcite. Limestone is less resistant than most igneous rocks, but more resistant than most other sedimentary rocks. Limestone is readily available and relatively easy to cut into blocks or more elaborate carving.

Soapstone

@VolminIndustries

NON METALLIC MINERALS - SOAPSTONE

We bring forth the finest quality Soapstone Powder in the international market. Soapstone Powder is also known as Talcum powder which is a unique natural mineral produce through verification & fine grinding. Soapstone powder is extensively used in Paints, Cosmetic, Paper, Pharmaceuticals, Fertilizers etc. Natural Soapstone is remarkable for pearly luster and soapy feel. It provides good opacity to the end products.

USES OF SOAPSTONE POWDER:

- ✓ **Plastic Industry:-** Used in HDPE, PP, LDPE, PVC, ABS & thermosetting compounds as filler due to blending characteristics and thermal and electrical resistant.
- ✓ **Paint Industries:-** Production of decorative paints, industrial coatings, pigment pastes, primers, enamels, adhesives, putties and other products of the industry.
- ✓ **Ceramic:-** Ceramic talc as low cost filler in ceramic tiles, sanitary ware, dinnerware, porcelain and electrical insulating.
- ✓ **Pharmaceutical Industries:-** Used as filler in tablets, ointments and dustings.
- ✓ **Paper industry:-** As a filler, to control pitch and stickiest and in paper coating

APPLICATIONS:-

- ✓ PP compounds Industry
- ✓ Master batches manufacturing Industries
- ✓ Paints Industry
- ✓ Rubber Industry
- ✓ Plastics Industry
- ✓ Paints & Powder Coatings
- ✓ Ceramics Industry
- ✓ Printing Ink & Inorganic Pigments
- ✓ Agro Chemicals
- ✓ Electrical Insulations
- ✓ Textile Industry

GRADE:-

Grades of Soapstone powder (Talc) available from 300 mesh to 700 mesh. The brightness in Talc is available from 70% to 98%.
